

## BIO- Vidhhu Shekhar

Meet one of our visionary advisors, [Vidhu "V" Shekhar](#) , who is helping our portfolio founders lead the future of public sector innovation.

He is a nationally recognized leader in government strategy, digital transformation, and AI innovation. Currently serving as Microsoft's Government Strategy Lead for U.S. State & Local Government, Vidhu brings excellent insight into emerging technologies, infrastructure, and policy in both public and private sectors.

Vidhu's experience spans consulting, public service, and enterprise leadership, including roles with Microsoft, Workday, and KPMG. As the author of Generative Artificial Intelligence Use Cases in State & Local Government and an active advisor to institutions like USC and the National Academy of Sciences, he is a trusted voice on the responsible adoption of AI and emerging technologies.

His advisory presence at [BarronKent Ventures](#) strengthens our commitment to helping mission-driven startups navigate complex markets with clarity, integrity, and long-term strategic vision.
